The South Carolina Rabies Control Act requires that all dogs and cats have a current rabies vaccination. For the majority of vaccines, the minimum age to vaccinate puppies and kittens is 3 months of age. The licensed veterinarian shall provide a certificate of vaccination to the owner of the pet. A serially numbered metal license tag, which must be attached to a collar or harness worn by the pet, shall also be furnished.

Note: Dogs must be on a leash and cats should be brought in a box or carrier.
